Word Squares

Puzzle 0167

After filming scenes for his naval epic on a historic small warship, probably a corvette or a ***first***, the director discovered that his lead actor had suffered many bites, in an inconvenient place, from a ***second***, but now he was holding the award at the ceremony he didn't care that there wasn't a ***third*** of gold in the ***fourth*** as long as he had the acknowledgement from his ***fifth***.
